

## 1st Quarter 2022

### Key Findings

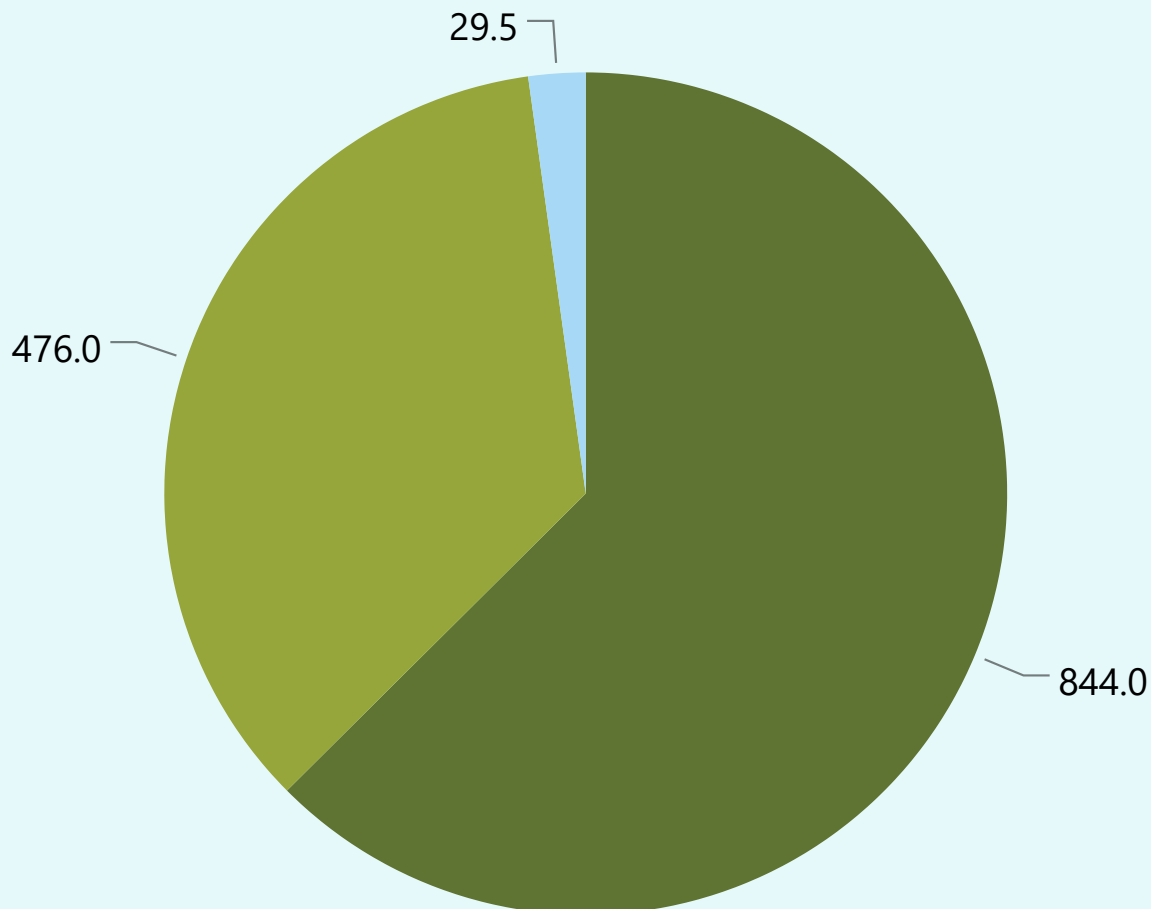

In the reporting quarter, training was available to the workforce in both face-to-face and online formats. A total of 1349.5 clock hours of training was available during the reporting period. 65% of the training offered was Level 1 – Basic Licensing while approximately 35% was Level 2 – Professional Training. The greatest amount (40%) of Level 1 training was in Core Competency Area: Interactions with Children while the greatest amount (40.5%) of Level 2 training was in Core Competency Area: Professional Development and Leadership.

## 1st Quarter 2022

The Growing Futures Registry, under the North Dakota Department of Human Services, Early Childhood Division, approves all informal training accepted toward child care licensing training requirements. The Registry sets the standards for training approval, including both training and trainers. Organizations that wish to sponsor training for the Early Childhood workforce are also approved by the Registry. All approved training is tracked, verified, and reported for licensing and professional development purposes in the Registry system. Individuals who attend approved training have a permanent, verified Training Record at the Registry that includes all training completed since 1-1-12.

Training is approved as either Level 1 Basic Licensing (applies to minimal licensing training requirements only) or Level 2 Professional Training (applies to licensing and to participation in Bright & Early ND, toward professional credentialing, and other professional pursuits).

The Registry is not a training sponsor. All training delivered for the Early Childhood workforce in North Dakota is provided by other organizations and agencies. These organizations provide training voluntarily and set their own policies for the training they deliver (e.g. fees, registration policies, and so on). While training must meet the Growing Futures standards, the organizations that deliver training are free to deliver the topics they wish, in the areas of the state they chose.

## Core Competency and Training Level in Clock Hours

## Core Competencies by Training Level and Clock Hours

Core Competency	Level 1 Basic Licensing	Level 2 Professional Training	Clock Hours
Assessment And Planning For Individual Needs	42.5	26.0	<b>68.5</b>
