How to Create a “Start Child Care” Account

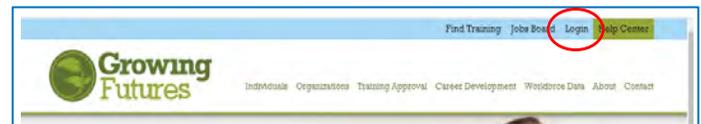

If you are thinking about starting childcare and wish to create an organization account to begin that process, it takes just a few minutes to get set up. Creating an organization account with the Growing Futures Registry is simple and free.

Organization Accounts are linked to and accessed from an Individual Account, so before you can create an organization account you must first have an Individual Account in the Registry. Learn more about Individual Accounts and find instructions to create one at:

<https://www.ndgrowingfutures.org/individuals>

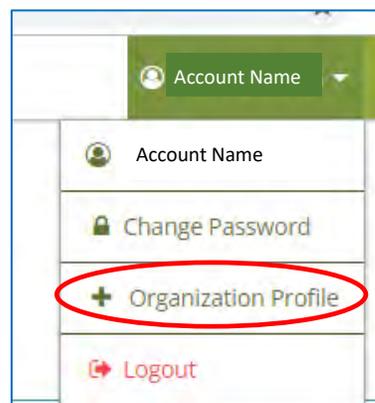

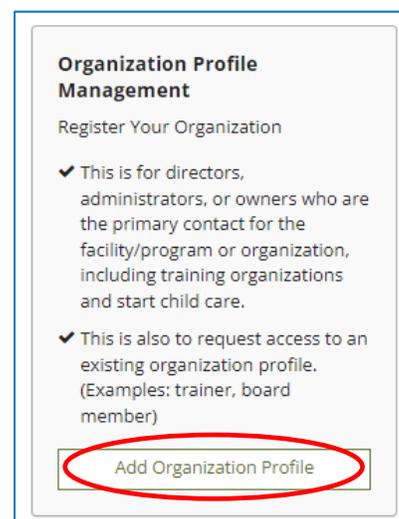

Once you have an Individual Account, follow these steps to create your Organization Account:

1. Go to www.ndgrowingfutures.org and click on “Login” in the search bar at the top of the page.

2. Log in with the email address and password for your Individual Account.

3. There are two ways to add an Organization Account from your Individual Account. You can open the drop-down menu below your name in the upper right corner of your account main page and then click on “+Organization Profile,” or click on “Add Organization Profile” on the right-hand menu.

Start Child Care

Unidentified Direct Care Program

Training Sponsor Organization

Check if your organization is a sponsor of training events. Doing so will add into the system.

Program Enrollment

Enter the number of children by age group for which you provide care. In addition, enter the number of high needs children in each age group. After entering the total number of high needs children in each age group, you'll be asked how many children meet each particular high needs criteria. Because one child may have more than one need, the detailed numbers will not necessarily add up to the total number of high needs children. However, if you report any high needs children, you must provide a number greater than zero in at least one high needs category.

Number of Classrooms / Groups:
