

Organization Account Guide

August 2024

Access the organization account from your individual profile:

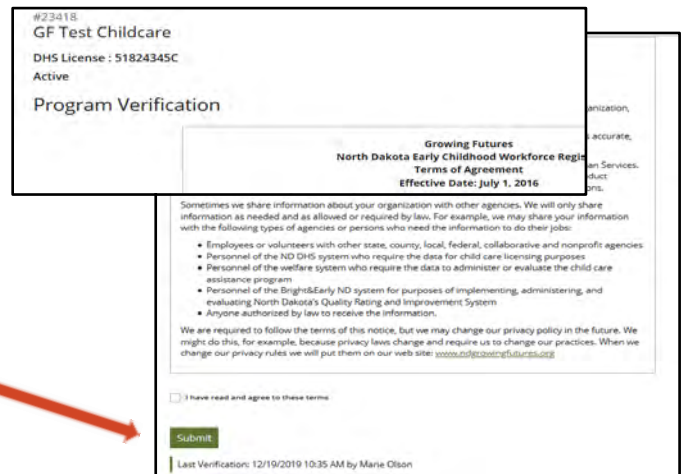

Log in to your individual profile. Use the drop-down menu below your name (found at the top right) to access the organization profile.

If you have multiple organizations, you will have My Organizations. Select My Organizations to see the list of organizations and then choose the one you want to view.

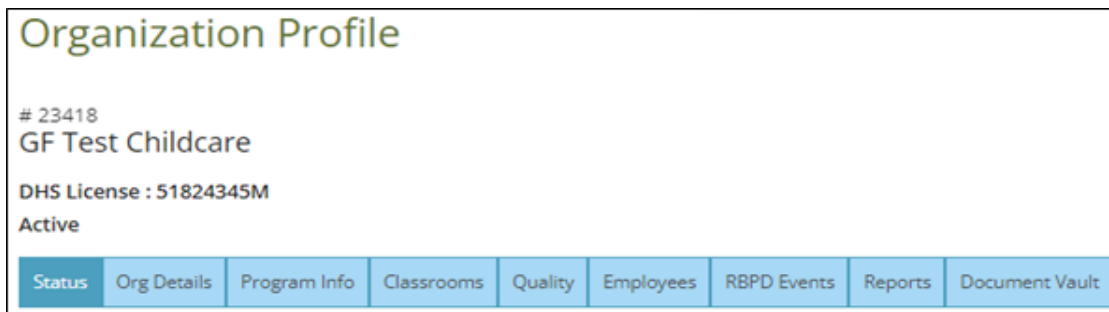

You may need to read and agree to the terms and conditions if this is the first time you have accessed the account or if you have not accessed it for a while.

Select Submit after checking the box.

Overview

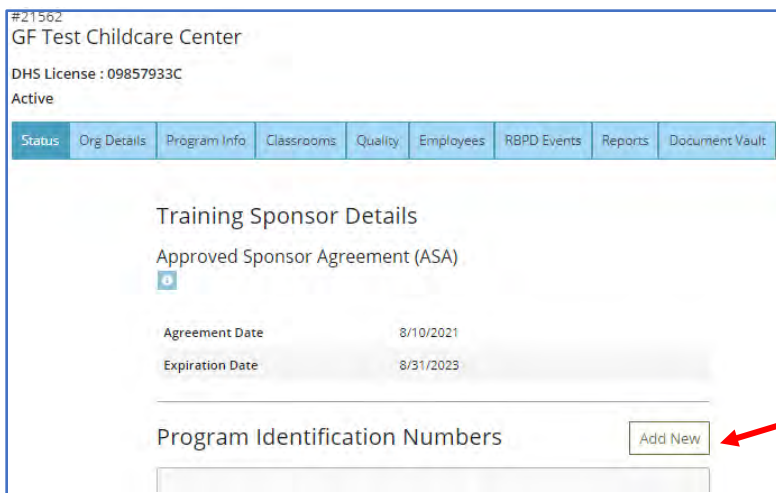

The account is organized under several tabs. The organization ID number and name of the business are displayed at the top. If there is a DHHS license attached that will also be displayed.

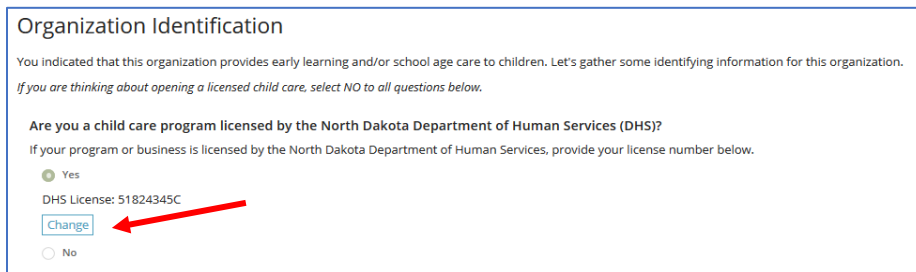

Organization account tabs:

- Status - contains information about the organization such as license number, associations with school districts or Head Start, and possibly a Training Sponsor Agreement.
- Org Details - has contact information and addresses.
- Program Info - lists any accreditations.
- Classrooms - shows the licensed capacity and the enrollment, plus the number of children in each age group. Classrooms can be set up with teachers, ages, and more.
- Quality – this information has moved to the Quality Dashboard in the left menu.
- Employees - has a list of your current employees. A list of previous employees is also available.
- RBPB Events – shows Relation Based Professional Development activities the program has received.
- Reports - has the Facility Staff Report where you can view and save or print current employees' DHS Licensing Training Records.
- Document Vault – documents can be uploaded here for requirements for participation in various quality and other programs.

Status Tab

The status tab has DHHS license information and, if you are a training sponsor, the Approved Sponsor Agreement dates will show. Licenses are automatically updated unless the type of license changes. For example, if the type changes from family to group in facility you will need to request the new license. Click on Add New button.

Click on Change and enter the new license number (no spaces or dashes)

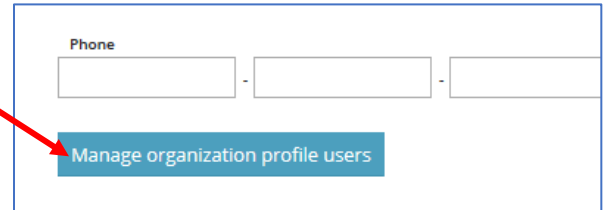

See the link to the Growing Futures Help Center for full instructions:

Org Details Tab

Contact information, communication preferences and addresses can be updated here. The contact information can be whomever you choose but any Registry system-generated emails will be sent to the 'profile owner'. The profile owner is usually the owner or director but can be someone else the organization chooses. If a profile owner leaves the organization contact the Registry for assistance

The profile owner of the organization will have a 'Manage organization profile users' button available. Only the account's Profile Owner will see this button and only one profile owner can be designated. Click the button to add or remove organization account users. Users can access and edit all tabs and information in the account, except manage other profile users.

Manage Organization Profile Users:

The top section lists the current profile users and the bottom section lists the verified, current employees. Use the red trash can icon to remove users. The current Profile Owner can make another user the profile owner by clicking on the Make Owner button. As soon as the button is selected, they will no longer have access to the profile users' page.

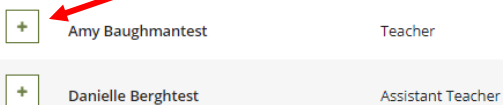

Organization Profile Users [Return](#)

The following users have access to this organization profile.

WARNING: Linking gives the user permission to access and change information on the organization account, so it should be limited to authorized personnel only. **NOTE:** Linking does not affect your employee list; staff must add employment by logging into their individual accounts and adding a position on the employment tab.

	Amy Baughmantest	Teacher
	Danielle Berghetest	Assistant Teacher

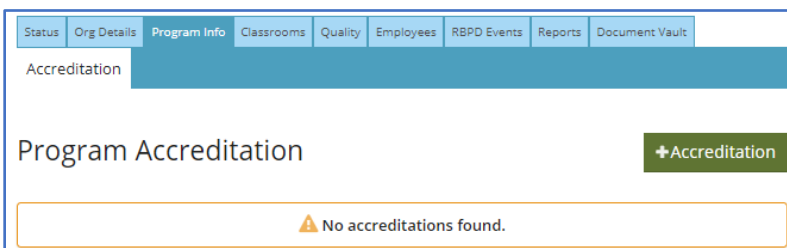

Verified employees are listed in the lower section. An employee can be added as an account user by selecting the green + icon next to the person's name.

Click on Return when changes are complete.

Note: an individual may request access to the organization profile by clicking on +Organization in their personal profile. The organization profile owner will receive this request and either approve or ignore the request. Be sure this is someone you want to have access to the organization before approving the request. Approving someone as an account user will not add them as an employee.

Program Info Tab

Any accreditations, such as NAEYC, can be added here by selecting the green +Accreditation button and completing the information. Documentation of the accreditation will need to be uploaded.

If the Career Pathway Placement and Current Status columns are blank that indicates that the employee only partially completed a Registry membership application. They may have saved their information after entering their employment but did not complete and submit the application. This will allow them to be seen here in the employee section but their DHHS Licensing Training record will not be accessible from the Facility Staff report. The employee will need to submit their Registry membership application.

This report shows all events that began within a date range with a status of 'Accepted' or 'Completed'. It includes training, organization, location, registration, and a summary of participants.

Event Status: This defaults to 'Accepted' and 'Completed'. You can filter by other statuses.

Training Starting From/Starting To: These two parameters determine the date range of the report. Most events begin and end on the same day. Be aware that many events span multiple days.

This report is meant to be both a predictor and a summary of training events. It can be used to:

- To view upcoming events and monitor registration set your dates in the future.
- To get counts of events and participants set your dates in the past and the status to 'Completed'. For accurate counts, do not include other statuses.
